Our most popular series. Your favorite models. Quick Delivery furniture can be yours, fast... in 10 working days or less.

Need 10 offices in 10 business days or less? What about 20 chairs? Or maybe 10 tables?

No problem. With our Quick Delivery program, you can count on quality, stylish furniture delivered fast. At National, we understand that you need to know when product is going to arrive versus when it is shipping. That's why our program focuses on delivery. Seating, desks, tables and storage delivered in 10 days or less. What's more, our Quick Delivery program features standard products, so you get the same exceptional value that you'd get when ordering regular lead-time models. Our products are available throughout a network of nationwide Authorized National® Dealers. They will help you with everything, from space planning, design, product selection, order placement, delivery and installation.

To locate a dealer in your neighborhood, visit www.NationalOfficeFurniture.com or contact Customer Service at 800.482.1717.

Look for one or more of these icons on pages where products offer sustainable benefits and are available on GSA Contract.

Silvertex™ Grade 4, 60% Vinyl; 30% Polyester Hi-Loft™ Textile; 10% Urethane; PERMABLOCK® Finish; SILVERGUARD® Silver Ion Technology; Antifungal/Antibacterial

BLOCKaide™ Finish Low energy, fluoropolymer based surface coating applied to fabric that imparts water and oil repellent properties causing liquid spills to bead up on surface of fabric, enabling clean up before the fabric is stained by the spill. Provides similar performance characteristics to Teflon®, but is formulated specifically for commercial upholstery applications.

Scotchgard™ Finish Durable water and oil resistant treatment formulated for commercial upholstery fabrics. Liquid spills will bead up on the surface so that they can be removed before they stain the fibers.

Terratex® Each Terratex fabric must meet the following criteria: Made of 100% post-consumer and/or pre-consumer fiber, or compostable material; Made using processes that reduce waste, emissions, energy water usage, and toxic by-products; Meets or exceeds the same quality standards and conventional processes; Made of single fiber type, without backcoating, so that it too can be recycled or composted;

Polyester Binder Finish Fine particles of low-melt, polyester fiber applied to fabric and heated until melted, forming small "spot welds" that bind fibers together when cooled. Reduces fraying, firms and generally stabilizes the fabric.

Green-e® 100% of the electricity used to make these fabrics is matched by Green-e certified renewable energy certificates

Repreve® Polyester Is made with 100% recycled fiber

Crypton® Green Reduced environmental impact fabrics that are resistant to spills, stains, odor and microbial growth and include an integrated moisture barrier;

Crypton® Fabrics that are resistant to spills, stains, odor and microbial growth and include an integrated moisture barrier

Hi-Loft™ Textile Manufactured with 100% polyester yarns aimed at creating a backing with bulk, strength and unusual softness

Napa Topcoat Provides a scuff-resistant surface that achieves 100,000 double rubs with a waxy genuine feel of leather.

PERMABLOCK® Advanced Vinyl Protection Protects against germs, abrasions and stains

SILVERGUARD® Silver Ion Technology Natural germ-fighting defense to help safeguard against odor and stain causing bacteria

Antimicrobial/Antibacterial/Antifungal Properties are built into the vinyl/polyurethane construction.

General Information

Quick Delivery

National's Quick Delivery products are available to deliver in 10 business days or less to the specified ship to address. Upon receipt of a credit approved order, the order may not be changed or cancelled. Include only Quick Delivery models on your order. Create a separate order for any products that are not included in the Quick Delivery Program. Remember that 10 business days does not include weekends or holidays. The day your order is placed with National counts as day zero.

Every effort will be made to fulfill orders regardless of quantity, however, for quantities over 10 offices, 20 chairs or 10 tables, please contact Customer Service prior to placing your order to confirm our ability to meet your needs. Occasionally, demand exceeds capacity. Then, orders are subject to availability.

Ordering Information

Ordering Procedures

National Office Furniture products are only available throughout Authorized Dealers. A National Authorized Dealer will help you with everything, from space planning, design, product selection, order placement, delivery and installation.

To locate a National Authorized Dealer in your neighborhood, visit www.NationalOfficeFurniture.com or contact Customer Service at 800.482.1717.

Terms and Pricing

- Prices in this catalog are list price for shipment in the continental U.S.
- Price subject to change without prior notice
- Merchandise will be billed at prices prevailing at time of placing order
- Distribution of this price list does not itself constitute an offer to sell
- Orders can be received only from Authorized National Dealers

Product Information

Fire Retardant Products

All National chairs meet California Technical Bulletin #117. For California Technical Bulletin #133 requirements, please contact National Customer Service for lead times and applicable fabrics.

California Technical Bulletin #133 - Flammability test procedure for seating furniture for use in public occupancies - provides guidelines for a full-scale, composite burn test. To obtain TB133 certification, a specific model/upholstery combination must be subjected to and pass TB133 testing.

National provides TB133 testing services for COM (Customer's Own Material), COL (Customer's Own Leather), and Alliance partner upholstery orders. We require that COM, COL, and Alliance partner upholstery first be evaluated for application approval, then for TB133 approval.

Product Design

National reserves the right to make changes in design, specifications, and construction and to discontinue products without prior notice. Dimensions referenced within this catalog, with the exception of EZ Arrangements, are nominal.

BIFMA and ANSI Testing

National products are designed and manufactured to meet or exceed BIFMA and American National Standards Institute (ANSI) standards. National is a member of the Business and Institutional Furniture Manufacturer's Association (BIFMA).

This testing does not serve as a warranty or guarantee. Generally, products within this catalog meet or exceed the applicable BIFMA and ANSI standards.

Warranty

National warrants that each piece of furniture will be free from defects in workmanship given normal use and care for as long as you, the original customer, owns and uses the product.

Normal use is defined as the equivalent of a single shift, 40 hour work week. In the event that a product is used more than normal use, the applicable warranty period will be reduced to 12 years and items that fall under different warranty limitations, as listed below, will be reduced to one-third (ex: Wood chair frames will be 4 years instead of 12 years). National, at its option, will repair or replace with comparable product any product, part or component shipped after September 1, 2000, if the claim is eligible under the conditions of this warranty.

Limitations

Twelve Years: Wood Chair Frames

Ten Years: Seating Controls, Wood Veneers and Laminates

Five Years: High wear parts such as: Electrical Components, Polymer Based Components, Pneumatic Cylinders, Swivel Arm Pads, Casters, Chair Glides, Textiles, Foam, Covering Materials and Decorative Trim

Exclusions

This warranty does not apply to: Damage caused by a carrier; Normal wear and tear during the period of ownership; Appearance, durability, quality, behavior, colorfastness or any other attribute of COM (Customer's Own Materials) or any other non-standard National material (including Maharam and Momentum) specified by the customer after application to a National product; Color, grain or texture of wood, laminate and other covering materials; Non-compliance with installation and maintenance instructions; Damages or failures resulting from modifications, alterations, misuse, abuse, negligence or improper care and maintenance of our products.

As the manufacturer of your furniture, we stand behind our craftsmanship and pledge to do everything we can to resolve any problems you may have within the terms of this warranty as quickly as possible.

There are no other warranties except as expressly set forth here, either expressed or implied including any warranty of merchantability or fitness for any particular purpose. We exclude and will not pay consequential or incidental damages under this warranty.

Contact Information

To order literature, surface material samples, check order status, and check lead times, please contact an Authorized National Dealer, call our Customer Service Team, or visit us online.

For Quick Delivery lead-time when shipping to Canada, please contact Customer Service at 800.482.1717.

We see our legacy as more than quality furniture.

We are committed to providing quality products that will improve indoor air quality, increase the use of sustainable materials and reduce impacts to climate change. At National, environmental responsibility has been and always will be a priority. From our corporate recycling center and the ISO 14001 registration of our facilities, to third party certifications, we embrace sustainability in all areas. Turn to us for products that are certified to the ANSI/BIFMA e3 sustainability standard with the level® label and for FSC® certified wood option. These differentiators can assist clients with achieving a LEED® Green Building Rating. Indoor air quality is important for protecting the health of patients and most of our products are certified to the Indoor Advantage™ Gold program by SCS which assures they meet the stringent emissions criteria of California 01350 Special Environmental Requirements.

Learn more about our sustainability journey at www.NationalOfficeFurniture.com/Sustainability. Review specific certification and LEED® information at NationalOfficeFurniture.ecoScorecard.com.

Because choosing sustainable furnishings should be easy.

Choosing level® certified products assures you the product is sustainable, produced in an environmentally and socially-friendly manner and comes from a responsible manufacturer. We have a full portfolio of level® 2 and 3 certified furniture solutions that can help earn LEED® points.
