# — Intelli Beam™ with Foli Height Adjustable Tables

Intelli Beam brings forward a new era of open plan environments. The elevated beam combines the capability of panel systems with the style demanded in today's work and education spaces. Intelli Beam is driven by smart, modular design that powers individual workspaces and collaborative areas.

Low key, high power. Now in stock. — global

**18 x 60 Starter Extension Kit**  
Starter fabric extension kits include a tackable fabric panel and appropriate hardware to "stack-on" to existing starter kits (IBSU2460S). The extension kit adds to the height of the beam, providing a greater sense of privacy, space division and some sounds absorption.

**18 x 60 Add-On Extension Kit**  
Add-On fabric extension kits include a tackable fabric panel and appropriate hardware to "stack-on" to existing add-on kits (IBBAT2460S). The extension kit adds to the height of the beam, providing a greater sense of privacy, space division and some sounds absorption.

Intelli Beam includes two knockouts for duplexes and one knockout for data.

The basefeed powers 4-circuits in a 2+2 electrical configuration (2 utility circuits and 2 dedicated circuits). This must be specified with an IBSU2460S - this will then power the starter kit and any add-on kit connected to it. The base feed must be hardwired to the building power supply by a licensed electrician.

T-leg with adjustable glides

**24 x 60 Starter Beam Kit**  
The starter kit includes everything you need to create a 2-person workstation (acts as a freestanding piece), or to start a run of more workstations. Just specify duplexes and a basefeed separately to get up and running.

**24 x 60 Add-On Beam Kit**  
Add-on kits include all the pieces required to expand upon the starter kit. Add one additional add-on kit for a 4-pack, two add-on kits for a 6-pack or three for an 8-pack. Add-on kits must be used with one starter kit. Specify duplexes separately.

## INSTOCK FINISHES

Cordovan (CCH)

Toffee (TCH)

Satin Nickel handles are standard on all Ventnor filing and storage components.

Solid wood fluted edges finished in either a rich satin gloss Toffee (TCH) or Cordovan (CCH) finish.

Natural wood grain runs vertically and matches seamlessly from top to bottom on all drawer fronts

Black grommets are standard on desks, returns, bridges, credenzas, extended corners and hutches. Silver grommets optional (an upcharge applies - see page 131 for SLGRSIL).

Top quality full extension ball bearing slides on all box and file drawers.
